MORE DETAILS

WHAT'S IN IT FOR YOU!

HOW DO THE CO-OP PLACEMENTS WORK?

Through a supportive learning environment, Delta Power Equipment gives co-op or Specialist High Skills Major students the opportunity to explore potential career possibilities that they may have not had a chance to explore in the classroom. For Specialist High Skills Major programs at high schools, we partner with schools to complete the "co-op/hands on aspect" part of the program. We are flexible in terms of placement length, hours, days and store locations to meet the students' educational needs.

There are many different areas to explore:

- Shipper/Receiver
- Parts
- Sales
- Precision Ag.
- Service Technician
- Shop Hand
- Detailing
- Demo Team
- Accounting
- Marketing
- Warranty
- HR, IT and Management

WHAT'S IN IT FOR YOU:

- Working in an in-demand and rewarding career
- Hands-on experience to develop skills on the latest equipment
- On-the-job training
- A chance to be part of a growing team!

REQUIREMENTS TO ENTER THE CO-OP STUDENT PROGRAM :

- Interest in agriculture, construction or powersports
- Agricultural background or experience is an asset
- Willingness to learn
- Students or teachers can email hr@deltapower.ca or stop by a store in person to learn more
